

Mt. Trashmore Family YMCA

From preschoolers who are building character while building their vocabulary, to teens learning life lessons while learning to shoot hoops—at the Mt. Trashmore Family YMCA, your support means that everyone has access to early education programs, sports activities and a safe place to go after school. No other organization in our community can do all the things the YMCA does every single day. Thanks to you. *We are the Y. You are the How.*

2008 We Build People Goal: \$90,000

Your gift supports these worthwhile programs:

Before and After-School programs that cover those critical “bridge” hours when kids are home and parents aren’t. As the region’s largest nonprofit child-care provider, the YMCA offers safe, quality care that nurtures spirit, mind and body. Your gifts help support families and our community by giving kids a safe haven for learning and having fun.

Teen programs that get young people involved and excited about their potential. Today’s teens are tomorrow’s leaders. Your gifts help prepare them through teen clubs, activities and programs where they’re encouraged to achieve and believe, guided by caring adults in a safe and welcoming environment.

Senior programs that give older adults a healthy social and physical outlet. Whether it’s enjoying a cup of coffee after a morning swim or volunteering behind the front desk, your gifts help today’s seniors stay active, engaged and connected with each other and the larger community, too.

The InnerActive Bus means healthy exploration isn’t limited by space or place. Our innovative mobile learning center delivers academic assistance, computer education and career advice to at-risk youth and struggling adults. Your gifts tell them their success matters.

The First Tee teaches young people valuable life lessons through golf lessons. This groundbreaking program helps youth and teens build more than just their golf skills. It helps them build confidence, self-esteem and character in lessons that will serve them the rest of their lives.

Camp Silver Beach uses fun and adventure to bring out the best in young people. Water sports, arts, science, personal challenge activities and friendships make this “sleep-away” camp on the Chesapeake Bay an unforgettable experience. Your gifts help ensure that no child misses out because of an inability to pay.

You help us build strong kids, strong families, strong communities.
