KidsPriorityOne Launches Redesigned Website for Local Children and Families

Hampton Roads – The recent redesign of www.kidspriorityone.org makes it easier for families on the Southside and Peninsula to find information they need quickly. A program of the YMCA of South Hampton Roads, in partnership with the Kiwanis Children’s Council of Hampton Roads, KidsPriorityOne is a free service that helps families find resources in Hampton Roads.

With the primary function of hosting a searchable, up-to-date database of more than 650 organizations serving children and families, the site’s new layout is easier to navigate and provides highlights of local family-friendly businesses and organizations.

Parents, and anyone working with families, are encouraged to visit www.kidspriorityone.org for services and information on general parenting, child development, health and wellness, education and disabilities, basic needs and emergency services. The site serves a wide range of audiences, including pages “For Teens and Tweens” and “For Professionals”.

Other new features include a searchable Family & Community Calendar along with monthly spotlights to inform visitors about area services and events. Local organizations, businesses and groups are welcome to submit information for use on the site.

The new website and database are made possible in part by contributions from the Bernardine Franciscan Sisters Foundation, The Beazley Foundation, Ferguson Enterprises and Kiwanis Clubs across Hampton Roads.

The YMCA of South Hampton Roads is a nonprofit, community-based health and human services organization that serves over 200,000 children and families each year. More than 19% of those families receive financial assistance through the Open Doors program, helping them achieve their full potential in spirit, mind and body. The YMCA’s doors are open to people of all ages, backgrounds, abilities and incomes.
